

The most clever curtain in the transportation industry.

TearAway Curtain

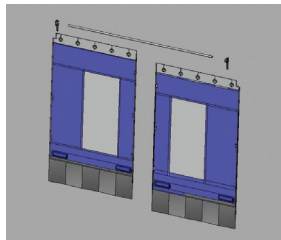

* Patent Pending

Finally, a curtain that withstands the rigors of real-world use. When the TearAway Curtain is accidentally snagged, it “tears away” from the attaching hardware – with no damage to the curtain! It’s then reinstalled with a quick and easy slip of the grommets. Very clever.

- Magnets instead of Velcro used to fasten to side wall
- 150 pound tear strength to disengage curtain
- 18 oz. commercial grade vinyl
- 22” wide window panels made to withstand temperatures of up to 0 degrees F
- Available with 24” wide window panels made to withstand temperatures of up to -20 degrees F
- Excellent thermal barrier qualities
- Exceptional energy conservation resource
- Easy to install anywhere and everywhere
- Stationary and movable models available

The TearAway Curtain is just another Randall Manufacturing innovation designed to help you create optimal operating efficiencies.
