

Is fuel efficiency top of mind?  
Do your driver's make multiple stops?  
Is easy and safe trailer accessibility important?

# REAR ROLLER CURTAIN<sup>®</sup>

## Randall Manufacturing's rear roller curtain can help.

Our rear roller curtain effectively maintains trailer temperatures by keeping cool air in and humidity out - plus it is user friendly.

### FEATURES AND BENEFITS

- Velcro tabs on curtain exterior edges for added reinforcement
- Clear viewing windows allows natural light in and ultimately, faster loading and unloading times
- Optional web straps
- Easy to neatly store with accordion fold mechanism - preventing potential damage to curtain during loading and unloading
- Easy to remove
- Easy to access trailer
- Trim-able vinyl for on-site customization
- Varying widths available for easy ordering
- Chain weighted for curtain stability
- Minimizes REEFER recovery time
- Less stress on REEFER because of temperature maintenance
