

FOLDING WALKRAMPS

The Randall Folding Walkramp hands down is anything but your standard folding ramp. Our engineers did what they do best – noodled over how to make the folding walkramp stronger, easier on your legs, and keeping all 10-digits safe from pinches and snaps.

// OPEN LEG DESIGN

With the removal of the bar across the ramp's legs, Randall's Open Leg Design provides drivers greater control and stability.

// MATERIALS

Extruded

6061 T6 Aluminum

Grade 8, Cadmium-coated hardware

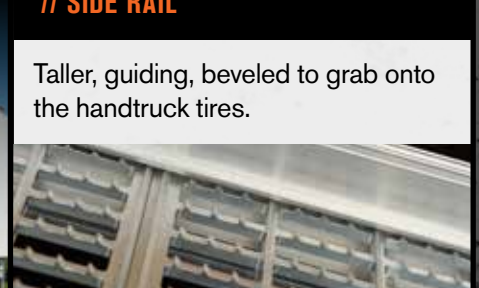

// TOE PLATE

Larger, multi-directional surface for greater control with ergonomic handles.

// SIDE RAIL

Taller, guiding, beveled to grab onto the handtruck tires.

// WALK SURFACE

Randall's signature aggressive, all-weather Walk Surface is extruded to prevent cracking. No flipping – it's engineered to provide 2x the durability and wear.

R/RAMPS

Deflector Plate

// RECESSED LATCH & DEFLECTOR PLATE

Randall's Recessed Latch eliminates accidental disengagement of the legs. Randall's Deflector Plate makes moving the ramp in and out of the enclosure easier and safer.

// OPTIONAL FINGER GUARDS

Finger Guard allows drivers to grab ramp legs without fear of being pinched.
